POSTAL REGULATORY  
COMMISSION

Commissioners:

Louis DeJoy has been devastating for our United States Postal Service. His new plan to stop air service for first-class mail in favor of transportation by truck would diminish services while being a benefit to him personally. Closing more post offices and cutting hours will cause further loss of services as we ourselves experienced after the last round of his cuts and closings.

Mr. DeJoy should be dismissed from his position for what he has done to our government agency. The Postal Service is not a business nor was it ever intended be. Please do not approve his new plan.

Sincerely,

Gail Siracuse
